

TECHNOLOGY LEARNING CENTER

..Finishing School for Engineer's

This Web Design course will teach you HTML, HTML 5, and Cascading Stylesheets (CSS). It is aimed at complete beginners to the subject, and assumes you have no knowledge of creating web pages. (If you were doing the old course, it has now been moved here: [old course](#).) You won't need to buy any expensive software for this course. To see what you WILL need, simply click the Course Software link below. The course has been designed to work on just about any operating system.

Section One: Getting Started

[1. Course Introduction](#)

[4. Getting started with tags](#)

[2. Course software](#)
