## Why Us?

This workshop will be beneficial for students in following ways:

- Firstly, the workshop gives a student an insight of the Ethical Hacking i.e. compromise of email hacking DOS attacks SQL Injection etc. if you have the interest to be the part of one them this surely is the place to be at to get the firsthand experience of working on high end projects
- Hands-on session along with Theory sessions step by step.
- We also provide our own Ethical Hacking Toolkit and HackIN Handouts, which consists of all the Tools and Techniques covered in the Workshop.
- Students get to work with the Working Professionals in Digital Security Field and get to match up their Knowledge and Experience.
- Also the workshop doesn't end up then and there. They can contact the concerned faculties throughout their graduation or thereafter also if they need any guidance regarding industrial Projects and Placements.
- We provide them future help and guidance for participating in competitions and these competitions are what makes them skillfull and enhance their practical knowledge towards which we are gonna make our first step

## Benefits in Careers Aspects

- Receive an unparalleled education from Technology learning center team with personal one-on-one attention.
- Technology learning center certification programs are recognized in industry.
- Improve job prospects and get an edge over your counterparts.
